

parts list for model 440

When ordering spares, quote the model type, code (from inspection label), part number, colour if part is enamelled or plastic, and voltage range for motor parts. The code for Model 440 is 78880 plus its following three-figure stroke number, from the inspection label. Similarly, when supplied as a Garrard Model 440M, the prefix code number is 77850, and when supplied as Model 440C, the prefix code is 78040. When already fitted with a magnetic cartridge, this model is known as Model 440M. Fitted with a ceramic element cartridge, it is called Model 440C.

Ref. No.	Garrard Part No.	Description	Ref. No.	Garrard Part No.	Description	Ref. No.	Garrard Part No.	Description
1	75894/001	Overarm rear trim	65	00432/007	Spring clip (quote 999/4/00432/007)	106	77177	Turntable mat (part of item 108)
2	78288/001	Counterbalance weight assembly	56	75896	Operating control	107	78287/001	Turntable and mat assembly
3	77866/001	Pickup arm with head, body and stylus force adjustment	57	30950/001	Push-on retainer (quote 999/4/30950/001)	108	43874	Turntable retaining clip
4	75937	Pickup arm tube	58	75881	Control lever unit	109	78282/002	Turntable centre disc
5	76021/004	Trim plate	59	74011	Forked control link	110		
6	76952/004	Pickup body	60	75851/001	Sub plate mechanism	111	78265/001	Record overarm assembly
7	77859/001	Stylus force bearing	60	75998	Sub plate and pins only	112	74510	Type F45 large hole record auto adaptor
8	01145/008	Screw (quote 999/4/01145/008)	61	00290/004	Spring clip (quote 999/4/00290/004)	113	76011	Automatic record spindle
9	01145/008	Screw (quote 999/4/01145/008)	62	00432/007	Spring clip (quote 999/4/00432/007)	114	72898	Large hole record adaptor
10	77937/001	Bias compensator slider	63	58174	Cushion ring	115	72094	Manual play record spindle
11	76127/001	Bias compensator control lever,	64	73975	Thrust washer	116	76113	Pickup head
12	75018	Lifting pin	65	72230	Ball race assembly	117	75081/008	Pickup lead and contact assembly
13	44476	Overload spring	66	73975	Thrust washer	118	44607	Stylus force spring
14	01577/049	Screw (quote 999/4/01577/049)	67	61029	4 pole motor with pulley (quote details from motor when fitted)	119	77886/001	Lifting plate and adjuster bracket
15	78281/001	Rear trim	67	61029	4 pole motor with pulley (quote details from motor when fitted)	120	77867/001	Stylus force adjustment screw
16	75884	Speed/size control	67	61029/003	4 pole motor with pulley (110/125 volts, 60Hz)	121	01166/001	Spring clip (quote 999/4/01166/001)
17	75979	Speed/size control link	68	43129/003	Rubber grommet for 4 pole motor (2 off)	122	01142/005	Screw (quote 999/4/01142/005) 2 off
18	76262	Speed change lever	69	73989	Cycle control lever with torsion spring 44425	123	01756/071	ln square black PVC tape
19	30950/001	Push-on retainer (quote 999/4/30950/001)	70	43129/001	Rubber grommet for 4 pole motor	124	78614	Screw for weight when fitted (quote 999/4/01756/071)
20	75899	Speed cam	71	00432/007	Spring clip (quote 999/4/00432/007)	125	76251	Auxiliary weight when fitted
21	01515/006	Screw (quote 999/4/01515/006)	72	41218/026	Washer for 4 pole motor (3 off)	126	75392	Auxiliary tilt wedge when fitted
22	78576	Pickup base assembly with cueing lifting spindle and item 23 etc.	73	00432/007	Spring clip for 4 pole motor (quote 999/4/00432/007) 3 off	127		Cartridge fixing screws (part of kit 59048)
23	77948/001	Cueing and bias compensator assembly	74	00432/007	Spring clip (quote 999/4/00432/007)	128	02321/004	Screw for support bracket (quote 999/4/02321/004) 2 off
24	78294	Bias compensator spring anchor assembly	75	00432/007	Spring clip (quote 999/4/00432/007)	130		
25	74971/001	Cueing lever knob	76	44422	Spring for cycle control lever	131	75959	Support bracket assembly
26	74007	Friction lever assembly	77	76300	Main cam assembly with trip mechanism	132	75017/001	Pickup height adjustment nut
27	75487	Switch off/lever unit (with torsion spring 44507)	78	60380/851	2 pole motor (110/125 volts AC, 60Hz)	133	77177	Transit screw
28	41218/042	Washer	79	60380	2 pole motor (quote details from motor)	134	00623/103	Pickup lowering position adjustment screw (quote 991/4/00623/103)
29	76232	Swing lever unit	80	30950/001	Push-on retainer (quote 999/4/30950/001)	135	44411	Intermediate wheel spring
30			81	74639	Lead clip	136	76051/001	Pickup rest assembly
31	43200	Ball bearing	82	76279/001	Speed/size control trim	137	02321/005	Screw for pickup rest (quote 999/4/02321/005)
32	44546	Spring	83	78289/001	Control cover assembly	138	43855	Transit clip
33	44572	Spring	84	78278/001	Control trim	139	44366	Cueing height adjustment screw
34	73899	Lower bearing	85	00852/012	Shakeproof washer (quote 999/4/00852/012)	140	01144/076	Screw (quote 999/4/01144/076)
35	75566	Earth tag	86	76473	Damping pad (3 off)	141	00432/007	Spring clip (quote 999/4/00432/007)
36	42982	Twin phone socket	87	76015	Stick-on mounting spring cup assembly (spare)	142	42932	Tag
37	73532	Screen (quote 999/4/01577/049)	88	00451/002	Nut (quote 991/4/00451/002)	143	44880	Cueing spring
38	00852/012	Shakeproof washer (quote 999/4/00852/012)	89	00852/012	Shakeproof washer (quote 999/4/00852/012)	144	01144/076	Screw (quote 999/4/01144/076)
39	60343/071	Earth lead (when fitted)	90	00451/002	Nut (quote 991/4/00451/002)	145	00431/002	Spring clip (quote 999/4/00431/002)
40			91	00852/012	Shakeproof washer (quote 999/4/00852/012)	146	01144/076	Screw (quote 999/4/01144/076)
41	01515/016	Earth screw (quote 999/4/01515/016)	92	00451/002	Nut (quote 991/4/00451/002)	147	01577/049	Index spring
42	01577/066	Screw for switch (quote 999/4/01577/066)	93	78280/001	Name plate holder	148	44410	Screw (quote 999/4/01577/049)
43	75882/001	Twin phone lead assembly	94	78280/001	Name plate trim	149	78284/001	Unit plate assembly - semi-gloss black
44	44563	Spring	95	43140/001	Rubber grommet for 2 pole motor	150	00431/001	Spring clip (quote 999/4/00431/001)
45	60643/072	Loom assembly with line cord connector	96	02654/001	Spring clip for 2 pole motor	151	76959	Pivot spindle
46	72192/001	Line cord and strain relief assembly	97	43140/001	Rubber grommet for 2 pole motor	152	75948	Adjusting bracket
47	74017	Spring blade	98	02654/001	Spring clip for 2 pole motor	153	44448	Overload bracket
48	44562	Torsion spring	99	43140/001	Rubber grommet for 2 pole motor	154	75952	Pivot bracket assembly
49	00432/007	Spring clip (quote 999/4/00432/007)	100	02654/001	Spring clip for 2 pole motor	155	00431/001	Spring clip (quote 999/4/00431/001)
50	74013	Release lever unit	101	43855	Transit clip	156	41218/087	Black washer
51	00432/007	Spring clip (quote 999/4/00432/007)	102	41219/005	Fibre washer	157	76245	Black nut
52	76857	Switch lever unit	103	75633	Intermediate wheel unit	158	30969/001	Spring clip (quote 999/4/30969/001)
53	01515/020	Screw (quote 999/4/01515/020)	104	41219/010	Plastic washer	159	44559	Washer
54	73821	Insulation plate	105	00431/010	Spring clip	16	41218/039	Washer
